5. In order to assist the Association to expand its potential sports offering, the City will maintain a membership in the Texas Amateur Athletic Federation. Further, the City will work with the Association to develop a sports complex.

SECTION 2: USE OF FACILITIES

1. The City hereby grants to the Association, and the Association hereby accepts a license and privilege to use and occupy the baseball/softball playing fields at Kennedale Park, for purpose of conducting scheduled outdoor athletic activities and other uses incident to such purpose, including the maintenance of said premises and the facilities located thereon, for the use and convenience of the Association, its invitees and members, both as spectators and participants.

The demised premises, sometimes referred to as "the Park," are as described on Exhibit "A" attached hereto and incorporated herein for all purposes incident to this Agreement.

2. The term of this license and privilege shall be for a period one (1) year, beginning on March 1, 2008 and ending March 1, 2009. After the initial term of this Agreement, this Agreement shall automatically renew for additional one (1) year terms unless terminated by either party as provided below. This Agreement may be terminated by either party at any time, with or without cause; by giving the other party at least thirty (30) days written notice of such intent. The schedule shall include the number of teams scheduled to play at each event or tournament. The City shall notify the Association of its approval or disapproval with five (5) days after its submission to the City. The Association shall keep the City advised of changes to the schedule in a timely manner. In determining whether to approve the schedule of events, the City may consider, among other things, the tournament size and the number of persons who will be using the Park.
 - e. Residents of the Kennedale Independent School District shall be given absolute priority for participation as Association members and playing field utilization. During the term of this Agreement, the Association shall furnish every three months to the City a detailed financial statement of the Association's revenues and expenses. The City may require an annual audit report each May provided by an independent Certified Public Accountant.
6. To offset expenses incurred by the City from providing electric utilities at the playing fields, the Association will collect and remit to the City a \$5.00 fee per child registering for baseball, softball and football. This fee shall be in addition to any other fees collected from registrants by the Association. The Association will pay the City within sixty (60) days of the completion of the League's final registration day.
7. The Association will use care and diligence in conserving water at the Park.
8. Subject to availability, the City will allow the Association to utilize the Kennedale Community Center free of charge for all coach and umpire training sessions, for no more than two (2) sign-up days, and for twelve Association meetings each year. Reservations will be made with the City only by the President or Secretary of the Association. Unsupervised children will not be permitted within the Community Center or on that property during any Association meeting or training.
9. The Association's right to use the Park is limited to specific scheduled events and the City will allow other parties to use the diamonds and playing fields when regular games or tournaments are not scheduled by the Association. 10. The Association shall take good care of the Park and suffer no waste on the Park premises, shall comply with all laws, federal, state and local, and with all ordinances and regulations of the State, County, City and other governmental agencies applicable to said premises, and shall not make or allow to be made any unlawful, improper, immoral or offensive use thereof. The Association will acquire any and all permits and certifications required by all regulating authority associated with the activities at the Park. Without limiting the above, the Association further specifically covenants and agrees to comply with all regulations and policies of the City which have been or may hereafter be adopted governing the use of city parks.

11. The Association agrees to accept possession for the purpose described herein of the Park in its present condition and warrants that it has found the Park suitable for and free of any hazards or dangerous conditions that would be unsuitable for a place where children will be playing and large numbers of the general public are expected to gather. Should any hazard or dangerous condition exist at the Park, the Association will not allow the use of any such facilities until the condition is repaired.
12. The Association will be permitted to construct facilities for recreational purposes, such as ball fields, temporary grandstands, lighting equipment, refreshment stands, structures for sanitary facilities, paved sidewalks, and similar installations subject to the prior written approval of the City. However, no alteration or new construction shall be made without first submitting plans to the City and obtaining a building permit from the City for the alterations or new construction. The City agrees to waive any and all building permit fees in connection with such approved construction. All such improvements shall comply with the City's building codes and all other applicable laws, ordinances and regulations; and shall be inspected by the City. It is understood that upon completion such future permanent improvements shall become the sole property of the City. The City is responsible for the turf maintenance including the purchase and application of fertilizer, weed killer, insecticide, and grass seed required to properly maintain the ball fields. The City shall be responsible for mowing and weed-eating of the fields to the standard equal to other City facilities; provided however the Association may mow the property more frequently should it elect to.
13. The Association agrees that all sanitary water supply facilities constructed by the Association at the Park must be first approved by the City.
14. Any and all improvements made by the Association are made at the full risk of the Association, and the City may take possession at any time of any or all of its property at its discretion without any obligation to compensate the Association for any expenses it may have incurred in making such improvements. The Association further covenants and agrees that it will maintain, repair and keep in good structural condition for the duration of City approved Season Schedules, any and all improvements at the Park, whether now existing or hereafter constructed, with the exception of the parking lot driveways and field lights which the City will maintain. However, the Association will maintain all storage buildings and the concession stand for the duration of City approved schedules. In the event of major catastrophes or acts of God, the City will make necessary repairs to City owned properties and facilities only. Three weeks prior to the beginning of each season, a joint inspection of the playing fields and other Park facilities will be conducted by the City and the Association. By the beginning of the season, the City will deliver the playing fields in proper condition for play. The same inspection will be held at the end of the season. Any repairs required by the responsible party will be completed within fourteen (14) days after the inspection. In

the event the Association does not undertake repairs or maintenance deemed necessary by the City within ten (10) days of written notice from the City, the City shall, at its option, undertake such repairs or maintenance. All expenses incurred in connection with such repairs or maintenance shall be payable to the City by the Association within thirty (30) days of receipt of a bill for same.

15. The license conveyed by this Agreement is personal to the Association. The Association shall not assign this Agreement nor sublet all or any part of the Park premises without the prior written consent of the City.
16. It is expressly understood and agreed that the Association shall operate hereunder as an independent contractor as to all rights and privileges granted herein and not as an agent, representative, servant or employee of the City; that the Association shall have exclusive control of and the exclusive right to control the details of its operations on the Park premises and shall be solely responsible for the acts or omissions of its officers, agents, servants, employees, contractors, subcontractors, members, participants and invitees; and that nothing herein shall be construed as creating a partnership or joint enterprise between the City and the Association.
17. The City shall in no way be responsible for loss of or damage to any property belonging to, used by, or rented by the Association, its officers, agents, servants, employees, members, participants or invitees which may be stolen, destroyed or in any way damaged during the term of this Agreement and the Association hereby indemnifies and holds harmless the City, its officers, agents, servants and employees, from and against any and all such claims.
18. The Association covenants and agrees to and does hereby indemnify, hold harmless and defend the City, its officers, agents, servants and employees from and against any and all claims or suits for property loss or damage and/or personal injury, including death, to any and all persons, of whatsoever kind or character, whether real or asserted, arising out of or in connection with the condition of the Park premises and the use, maintenance, and occupancy of the Park premises by the Association and its members and participants; and the Association hereby assumes all liability and responsibility for the same. THE ASSOCIATION SHALL LIKEWISE ASSUME ALL RESPONSIBILITY FOR AND SHALL IDEMNIFY THE CITY FOR ANY AND ALL INJURY OR DAMAGE TO CITY PROPERTY ON THE PARK PREMISES, WHETHER OR NOT ARISING OUT OF OR IN CONNECTION WITH ANY ALLEGED NEGLIGENCE OR ANY ACTS OR OMISSIONS OF THE CITY, ITS OFFICERS, AGENTS, SERVANTS, OR EMPLOYEES.

The Association will carry public liability insurance so indemnifying the City and protecting the public in amounts, which shall not be less than the maximum liability, which can be imposed on the City under the laws of the State of Texas. At present, such amounts shall be as follows:

Property damage: \$100,000

Personal injury or death, per person: \$250,000

Personal injury or death, per accident: \$500,000

It is understood and agreed by the Association that such insurance amounts shall be revised upward at the City's option and the Association will so revise such amounts within thirty (30) days following notice to the Association of such requirements. The Association shall cause the insurer to furnish the City a duplicate certificate of insurance. The certificate of insurance shall be delivered to the City before play begins.

19. The Association shall have no power to do any act or to make any contract that may create or be the foundation of any lien upon the Park premises or any interest therein, and should any such lien be created or filed, the Association, at its sole cost and expense, shall liquidate and discharge the same in full within ten (10) days after the filing thereof, and should the Association fail to discharge same, that shall constitute a material breach of this Agreement. In addition, the Association hereby authorizes the City to take any and all action deemed reasonably necessary by the City to remove or challenge any lien created in violation of this paragraph, and the Association covenants and agrees to pay all reasonable expenses (including attorney's fees) incurred by the City in doing the same.
20. At all times during the term of this Agreement, the City, as, licensor, shall have the right, by its officers, agents, servants and employees, to enter onto and upon the Park premises for the purpose of examining and inspecting the same for the purpose of determining whether the Association shall have complied with all of its obligations hereunder in respect to use of the Park.
21. The Association covenants and agrees that in the event this Agreement is terminated or canceled for any reason, the Association shall deliver immediate possession of the Park to the City. Upon such termination or cancellation, all improvements constructed by the Association on the Park premises shall remain on the premises, unless the City requests that any or all of such improvements be removed, in which event the Association covenants and agrees to remove at its own expense any and all improvements and personal property from the Park premises and restore the land to its original condition. Should the Association fail or refuse to deliver such immediate possession upon termination or cancellation of this Agreement, the City shall have the right to expel or remove, forcibly if

necessary, the Association and the Association's property and to restore the Park premises and in such event the City shall not be deemed guilty of trespass, and shall incur no liability as a result of such removal or restoration. All costs incurred by the City in the removal of such improvements and personal property from the Park premises under this clause, and the restoration thereof, shall be an obligation of the Association, and the Association shall reimburse the City for the cost of same.

22. The Association agrees that should any action whether real or asserted at law or in equity arise out of the terms of this Agreement whereby the Association's operations on the described premises, venue for said action shall lie in Tarrant County, Texas. In any action brought to enforce an obligation under this Agreement, the prevailing party shall be entitled to recover interest and reasonable attorney's fees in accordance with Section 271.159 of the Local Government Code.
23. Any agreement currently in effect between the City and the Association is hereby terminated upon the effective date of this Agreement.
