

KEEP KENNEDALE BEAUTIFUL COMMISSION
AGENDA
REGULAR MEETING
October 13, 2015
CITY HALL CONFERENCE ROOM, 405 MUNICIPAL DRIVE
REGULAR SESSION - 6:00 PM

I. CALL TO ORDER

II. ROLL CALL

III. MINUTES APPROVAL

- A. Consider action to approve minutes for the September 2015 meeting

IV. VISITOR/CITIZENS FORUM

At this time, any person with business before the Keep Kennedale Beautiful Commission may speak to the Commission. All comments must be directed towards the Chair, rather than individual commissioners or staff. All speakers must limit their comments to subject matter relating to the commission. No formal action can be taken on these items.

V. REGULAR ITEMS

- A. Discuss and approve action necessary for any of the following:
 - 1. Bring It Event - October 24, 2015
 - 2. Trunk or Treat - October 24, 2015
 - 3. Butterfly Demonstration Garden
 - 4. Windshield Litter Survey - September 2015
 - 5. Arbor Day Event - November 7, 2015
- B. Discuss implementation process for the Simple Recycling program in Kennedale
- C. Discuss and approve action to support fall monarch butterfly migration
- D. Consider approval of an adopt-a-spot location
- E. Discuss and consider action to participate in grant opportunities

VI. REPORTS/ANNOUNCEMENTS

- A. Environmental Collection Center Fourth Quarter Report

VII. ADJOURNMENT

In compliance with the Americans with Disabilities Act, the City of Kennedale will provide for reasonable accommodations for persons attending City Council meetings. This building is wheelchair accessible, and parking spaces for disabled citizens are available. Requests for sign interpreter services must be made forty-eight (48) hours prior to the meetings. Please contact the City Secretary at 817.985.2104 or (TDD) 1.800.735.2989

CERTIFICATION

I certify that a copy of the October 13, 2015, Keep Kennedale Beautiful Commission agenda was posted on the City Hall bulletin board next to the main entrance of the City Hall building, 405 Municipal Drive, of the City of Kennedale, Texas, in a place convenient and readily accessible to the general public at all times and said agenda was posted at least 72 hours preceding the schedule time of said meeting, in accordance with Chapter 551 of the Texas Government Code.

A handwritten signature in cursive script, reading "Kelly Cooper".

Kelly Cooper, KKB Staff Liaison

STAFF REPORT TO THE COMMISSIONERS

Date: October 13, 2015

Agenda Item No: MINUTES APPROVAL - A.

I. Subject:

Consider action to approve minutes for the September 2015 meeting

II. Originated by:

Kelly Cooper, Director of Human Resources

III. Summary:

The minutes have been prepared by Board Secretary, Vickie Chandler and are ready for your approval.

IV. Recommendation:

Approve

Keep Kennedale Beautiful

Regular Meeting

September 8, 2015

- I. Call to Order – 6:01 P.M.
- II. Roll Call –
 - 1. Michael Chandler
 - 2. Fred Winters
 - 3. Darlene Winters
 - 4. Laurie Sanders
 - 5. Wilda Turner
 - 6. Vickie Chandler
 - 7. Leslie Galloway
- III. Minutes Approval – Laura Motions to approve, Darlene 2nds – Approved
- IV. Visitor/Citizens Forum – N/A
- V. Regular items –
 - 1. Sonora Park Bird Habitat Clean up/Arbor Day Event Nov. 7th – Boy Scouts are still available to add bird houses to the habitat. The Critterman won't be able to attend so the Board suggested Kelly try to contact the Bird Program we have used in previous events. Leslie will pass this info to Kelly.
 - 2. Butterfly Garden – Salvia Darcy was suggested by Wilda as a hearty addition to the garden to survive the hot summers, the plant has red blooms that would attract Hummingbirds. Wilda thinks we need to add some compost this fall or before the spring.
 - 3. Windshield Litter Survey – Leslie informed us that the High School Green Club will be able to do the survey by the date Kelly needs it by.
 - 4. Bring it Event – Board discusses possible volunteers to help us out.
 - 5. Trunk or Treat Oct. 24. 2015 – The High School Youth Advisory Council will have the event at Town Center the KKB will attend the event to hand out the trees that we receive from the Forestry Service and any other handouts we have along with candy to attendees. Leslie will ask Kelly about the purchase of candy.
 - 6. Whitehead Cemetery Clean up Sept. 19th - We will meet up with the Historical Society at the Methodist Church at 9 a.m., Michael will meet up with Laurie this weekend to spray weed killer around the cemetery to kill off some of the weeds before the clean-up day. The Board seems real eager to help the Historical Society in this event.
- VI. Reports/Announcements – N/A
- VII. Adjournment – 7:10 P.M.

Date: October 13, 2015

Agenda Item No: REGULAR ITEMS - A.

I. Subject:

Discuss and approve action necessary for any of the following:

1. Bring It Event - October 24, 2015
2. Trunk or Treat - October 24, 2015
3. Butterfly Demonstration Garden
4. Windshield Litter Survey - September 2015
5. Arbor Day Event - November 7, 2015

II. Originated by:

Kelly Cooper, Director of Human Resources

III. Summary:

Discuss any necessary action and or planning that needs to take place for each of these events.

Bring It Event - October 24, 2015 9:00 a.m. to 11:00 p.m.

Banners are up around town, and it is posted on the web site as well as Facebook and Twitter. I will have coffee, donuts and water available for volunteers and have asked Public Works for Barricades and traffic cones. Set-up will include placing the Shredding company by the dumpsters in the back, Crud Cruiser in TownCenter parking lot along with the Electronic recycling. We should work on getting several more volunteers. I have asked the boy scouts to assist, and Lamar indicated that he may have a few available. We will need to ask other groups for assistance as well. In terms of volunteers, we will need at least two at the Shredder, four to eight at the Crud Cruiser and a couple at the electronic recycling station as well as several directing traffic. The poster is out on the website, however let's make a call for volunteers as well through Facebook.

Trunk or Treat

Staff will provide several bags of candy for the event and the trees will be at Public Works for pick up. If the trees are not all donated at this event, what would you like to do?

Butterfly Demonstration Garden

Is there any work that needs to be done with the garden at this time?

Windshield Litter Survey

I received an email after our last meeting indicating that they would not be completing this for us "It was too late." I asked what does that mean, and did not get a response. So, we will need to schedule a time when a few of you can get out to complete the survey.

Arbor Day Event - November 7, 2015

We will be receiving the trees October 14, 2015. The board should discuss what to do with the trees until the event. Where to store them and how to water them. The Arbor Day Event will include a clean-up of Sonora Park Bird Habitat. I will ask Laura Miller from Agrilife to provide training, we'll have hamburgers, chips, cokes, etc. for lunch.

I have not had any luck with finding a bird or creature to attend the November 7th event. I will call the Creature Teacher to see if she is available

IV. Recommendation:

Approve

STAFF REPORT TO THE COMMISSIONERS

Date: October 13, 2015

Agenda Item No: REGULAR ITEMS - B.

I. Subject:

Discuss implementation process for the Simple Recycling program in Kennedale

II. Originated by:

Kelly Cooper, Director of Human Resources

III. Summary:

The contract has been signed and staff met with Simple Recycling staff regarding the implementation and rollout process. The target start date is mid February. We are working on getting the utility billing mailing addresses to him for the mailings that will take place in January and February. Staff has requested press release information, working on scheduling a meeting with current waste hauler, Progressive and a few other details. Once we receive information that we can post to the website, we will also provide to Laurie for placement on the Facebook page.

Let's talk it up, February will be here before you know it!

IV. Recommendation:

None

V. Attachments:

Date: October 13, 2015

Agenda Item No: REGULAR ITEMS - C.

I. Subject:

Discuss and approve action to support fall monarch butterfly migration

II. Originated by:

Kelly Cooper, Director of Human Resources

III. Summary:

Attached are a few program highlights sponsored by the Texas Parks and Wildlife Department and Texan by Nature. Texas is in a unique position along the monarch migration route and as such can assist in the migration by creating monarch habitats that will assist monarchs in completing their journey and continuing to grow in number.

Attached is a list of items that KKB can complete, a minimum of three items is required with at least one of these must come from the Program and Demonstration Garden section.

The Board should consider participation in this program and then select items that the Commission would be interested in completing. The Mayor will take the on-line pledge and a proclamation will be placed on the October 19 agenda.

IV. Recommendation:

Approve

V. Attachments:

1.	Monarch Migration	MONARCH MIGRATION.pdf
----	-------------------	-----------------------

September 18, 2015

Dear Monarch Supporter:

On behalf of the Texas Parks and Wildlife Department (TPWD) and Texan by Nature, please join us in welcoming the fall monarch butterfly migration back to Texas. To help celebrate this rite of fall, we invite you to the George W. Bush Institute in Dallas and on Tuesday, October 13th at 10:30 am for a press announcement. We will highlight conservation efforts Texans can make for monarch butterflies and other important native pollinators.

The annual fall migration of the majestic monarch butterfly from Canada to Mexico has begun. The butterflies' journey will cover approximately 3,000 miles and will culminate with a spectacular migration through Texas that peaks in October. Over the last decade, we have seen a 90% decrease in the migrating monarch population -- estimated to be nearly one billion in the 1990's and falling to an all-time low of 35 million in 2013. Recent surveys report a modest increase in their population in 2014, but there is still much we can do in our state to take care of this special species and its magnificent migration.

Given Texas' unique position along the monarch migration route, it is crucial for Texans to take a leadership role in conserving and enhancing monarch habitat. We want Texans to know they can help the monarchs complete their journey and continue to grow in number. Already, many groups are working to make Texas a leader in Monarch conservation. The U.S. Fish and Wildlife Service has launched a new major campaign and funding initiative, which will fund over \$1 million of projects in Texas alone. Over the last year, Texas Parks and Wildlife has partnered with the Texas Department of Transportation, the National Wildlife Federation and the Lady Bird Johnson Wildflower Center to promote the expansion of milkweed and nectar-producing pollinator gardens across our state. These "monarch waystations" serve as habitat for monarchs to produce successive generations and sustain their migration. Texas Parks and Wildlife has produced a statewide conservation plan for the monarchs that will help guide our efforts. Texan by Nature is bringing private land owners, businesses and faith based groups to plant Monarch habitat as part of our Monarch Wrangler initiative.

Please join us in taking care of this iconic species and all other native pollinators that are such an important part of our state's natural heritage. Let us know if we can count on you to join us in October by contacting David Eichler at 512-389-4949 or email at david.eichler@tpwd.texas.gov.

Sincerely,

Laura Bush
Founder, Texan by Nature

Carter Smith
Executive Director, TPWD

Mayors' Monarch Pledge Action Items

Mayors and local government chief executives who have taken the Mayors' Monarch Pledge must commit to implement at least three of the 25 following action items within a year of taking the pledge. At least one action must be taken from the "Program & Demonstration Gardens" section. Mayors and local government chief executives taking more than eight actions will receive special recognition as part of the National Wildlife Federation's Mayors' Monarch Leadership Circle. NWF will follow up with all mayoral points of contact with a quarterly survey (1/1, 4/1, 7/1, 10/1) to monitor progress. Please visit www.nwf.org/mayorsmonarchpledge to take the pledge and access resources.

Communications & Convening:

- 1) Issue a Proclamation to raise awareness about the decline of the monarch butterfly and the species' need for habitat.
- 2) Launch a public communication effort to encourage citizens to plant monarch gardens at their homes or in their neighborhoods.
- 3) Communicate with community garden groups and urge them to plant native milkweeds and nectar-producing plants.
- 4) Convene city park and public works department staff and identify opportunities for revised mowing programs and milkweed / native nectar plant planting programs.
- 5) Convene a meeting with gardening leaders in the community to discuss partnerships to support monarch butterfly conservation.

Program & Demonstration Gardens:

- 6) Host or support a native plant sale or milkweed seed giveaway event.
- 7) Facilitate or support a milkweed seed collection and propagation effort.
- 8) Plant a monarch-friendly demonstration garden at City Hall or another prominent location.
- 9) Convert abandoned lots to monarch habitat.
- 10) Plant milkweed and native nectar plants in medians and public rights-of-way.
- 11) Launch a program to plant native milkweeds and nectar plants in school gardens by engaging students, teachers and the community.
- 12) Earn recognition for being a wildlife-friendly city by expanding your action plan to include other wildlife and habitat conservation efforts through a program like the NWF Community Wildlife Habitat program
- 13) Create a monarch neighborhood challenge to engage neighborhoods and homeowners' associations within the city to create habitat for the monarch butterfly.
- 14) Initiate or support citizen-science efforts that help monitor monarch migration and health.
- 15) Add milkweed and nectar producing plants in community gardens.

- 16) Expand invasive species removal programs to make it possible to re-establish native milkweed and nectar plants to the landscape.
- 17) Host or support a city monarch butterfly festival.

Systems Change:

- 18) Remove milkweed from the list of noxious plants in city weed / landscaping ordinances (if applicable).
- 19) Change weed or mowing ordinances to allow for native prairie and plant habitats.
- 20) Increase the percentage of native plants, shrubs and trees that must be used in city landscaping ordinances and encourage use of milkweed where appropriate.
- 21) Direct city property managers to consider the use of native milkweed and nectar plants at city properties where appropriate.
- 22) Integrate monarch butterfly conservation into the city's Park Master Plan, Sustainability Plan, Climate Resiliency Plan or other city plans.
- 23) Change landscape ordinances to support integrated pest management and reduced use of pesticides and insecticides.
- 24) Ban the use of neonicotinoid pesticides, or plants and seeds treated with neonicotinoid pesticides, on city lands.
- 25) California Specific: Pass a resolution to protect over-wintering monarch butterfly habitat on public and private lands.

Take the Mayors' Monarch Pledge

814

27

Forward

Mayors and other local government chief executives are taking action to help save the **monarch butterfly**, an iconic species whose populations have declined by 90% in the last 20 years. Through the National Wildlife Federation's Mayors' Monarch Pledge, cities and municipalities are committing to create habitat and educate citizens about how they can make a difference at home. There are four steps to taking and implementing the pledge.

Take the Pledge

By taking the Mayors' Monarch Pledge, you are committing to both restore habitat in your community and encourage your citizens to do the same. Read the **Mayors' Monarch Pledge** and then **take the pledge online!**

Specify Your Actions

We will follow up with the point person specified in the online pledge form and work to identify at least 3 specific actions that your community will take in the next year. Mayors who decide to take 8 or more actions will receive special recognition and become a member of the **Mayors' Monarch Pledge Leadership Circle**. Once these specific actions have been identified, communities will report their progress through a simple online survey form. Read the **Mayors' Monarch Pledge Action Items** and then **specify which actions you will take.**

Take Action

Once you have taken the pledge and specified which actions your community will take over the next year, **it's time to start taking action!** Over the next several months, NWF will be sharing best practices for cities and municipalities through our online resources page, occasional email updates, social media, and webinars. Please refer to **our resources page** for more details.

Report Progress

Once you have specified your actions and begun to take action we will ask communities to fill out a simple reporting form on a quarterly basis. The reporting process will only take about 5 minutes and the data we collect will allow us to track the collective outcomes and impact of our work.

GET OUR E-NEWSLETTER

Interested in the NWF Community Wildlife Habitat Program? Tell us a little more about your community. A NWF staff member will be in contact with you within 5 business days.

Agenda Item No: REGULAR ITEMS - D.

I. Subject:

Consider approval of an adopt-a-spot location

II. Originated by:

Kelly Cooper, Director of Human Resources

III. Summary:

Billy Don Gilley, 1115 Kennedale Sublett Rd., is requesting to adopt-a-spot. The location he is requesting is at 1115 Kennedale Sublett Rd., he will have 1 person who will pick up trash at this location as needed.

The Board should consider whether or not to approve this request and if so, select a location for them to maintain.

IV. Recommendation:

Approve

V. Attachments:

Date: October 13, 2015

Agenda Item No: REGULAR ITEMS - E.

I. Subject:

Discuss and consider action to participate in grant opportunities

II. Originated by:

Kelly Cooper, Director of Human Resources

III. Summary:

There are two up coming grant opportunities to consider participation. the first is the governor's award which is a \$130,000 grant should we be awarded first place. This is a very competitive grant which we have tried to receive for several years. In 2013 we came close with a second place finish.

The second grant is through the North Central Texas Council of Governments and is for solid waste projects. The grant funding comes from TCEQ and are generated through a tipping fee on all waste disposed at Texas landfills. Grant proposals must fit into one of three categories: recycling, illegal dumping, or waste capacity. Many cities have been successful in the past for funding projects such as household hazardous waste trailers, recycling bins, remote cameras and solid waste management plans. There is \$1.3 million in grant money available for distribution over the next two years.

The Board should take this opportunity to discuss what projects they might be interested in supporting including costs, timelines and process for completion.

IV. Recommendation:

Approve

Participating Entities Report - Fourth Quarter 2015

Volume 15, Issue 4

HHW Programs Having an Impact in Texas

The Texas Commission on Environmental Quality (TCEQ) recently released the Household Hazardous Waste 2014 Report. In total, HHW programs in Texas collected 7,272 tons of HHW. Of those, 461 tons were reused. In contrast, in 2013, 5,873 tons were collected with 497 tons reused.

The national battery collection program, Call2Recycle, also recently published its 2014 annual report. For last year, Call2Recycle reported diverting nearly 12 million pounds of batteries and cellphones from landfills across the U.S. You can find the report at: <http://www.call2recycle.org/2014-annual-report/>.

ECC Holiday Hours

The ECC will be closed November 26th and 27th for the Thanksgiving holiday. The Center will reopen Saturday, November 28th from 9 a.m. to 3 p.m.

In December, the ECC will be closed on Friday and Saturday, the 25th and 26th, and reopen December 31st from 11 a.m. to 7 p.m.

On Friday, January 1st, the ECC will be closed for New Year's Day and will reopen Saturday, January 2, 2016, from 9 a.m. to 3 p.m.

Interlocal Agreements Due

Please send in your signed FY 2016 Interlocal Agreements (ILA) as soon as possible. We need to have received your ILA before scheduling a mobile event for 2016. Scheduling will begin in January. Please contact Clarence Reed at 817-392-6107 or clarence.reed@fortworthtexas.gov with questions or concerns.

Incoming fourth quarter invoices

Invoices are being mailed. If you do not received one by the end of October or have any questions, please contact Clarence Reed at 817-392-6107 or clarence.reed@fortworthtexas.gov

Environmental Collection Center • 6400 Bridge St. Fort Worth, TX 76112

Solid Waste Grant Opportunity

The North Central Texas Council of Governments (NCTCOG) will be opening the next grant cycle for solid waste projects very soon (NCTCOG estimates the request for proposal announcement will happen by the end of October). The grant funds come from TCEQ and are generated through a tipping fee on all waste disposed at Texas landfills.

Grant proposals must fit into one of three categories: recycling, illegal dumping, or waste capacity. Many cities have been successful in the past for funding projects such as household hazardous waste trailers, recycling bins, remote cameras, and solid waste management plans. \$1.3 million will be available for distribution over the next two years.

To learn more about solid waste grants or learn about previously funded projects, visit <http://www.nctcog.org/envir/SEELT/funding/index.asp>.

DFW Area Food Recovery Event – October 21, 2015

The North Central Texas Stewardship Forum, along with the University of Texas at Arlington (UTA), Tarrant Area Food Bank, U.S. Environmental Protection Agency Region 6, and NCTCOG, is hosting a DFW Area Food Recovery Event on October 21, 2015 from 10:00 a.m. – 4:00 p.m. at NCTCOG, Transportation Council Room, 616 Six Flags Drive, Arlington, Texas, 76011.

The goal of this event is to reduce food waste in the Dallas-Fort Worth area by raising awareness of the problem within groups who have the power to change policy and practices for the community. Registration and event agenda available at www.nctcog.org/sustainability.

According to UTA, in the U.S., uneaten food annually accounts for 25% of all fresh water used; 4% of total oil consumption; 21% of municipal waste; and 23% of methane emissions - a known greenhouse gas. Nationally, this uneaten food is worth an estimated \$165 billion dollars a year.

Holidays and Grease - a FOG-y Combination

Grease down the sink can happen any time of year, but the holidays, with their fried turkeys, buttered everything, and gravy, can mean clogged sewer pipes and backups. The fats, oils, and grease (called FOG) can cause raw sewage backups in residences and streets. This nasty mess may also travel into nearby waterbodies, affecting water quality.

This holiday season, several cities are partnering with the Wastewater and Treatment Education Roundtable, Dallas County Schools Alternative Fuel Program, and NCTCOG to help protect sewer systems and the environment. From Monday, November 30, through Friday, December 11, there will be convenient drop-off locations for cooking oil all around the Dallas-Fort Worth Metroplex.

Visit the Wastewater and Treatment Education Roundtable at <http://ceasethegreasentx.com/> to learn more. Just a reminder, the ECC doesn't stop taking cooking oil after the holidays, we take grease year round.

Where is the Crud Cruiser going this year? With most of the year over, here is where the Cruiser will be for the rest of 2015.
